

We keep up to date with our product manufacturers on the latest developments in an ever changing industry. Awlgrip, Awlcraft, International Paints, Stirlings, Alexseal Yacht Coatings, Sikkens Mettalic clear over base systems and Isonal. Elite Marine Coating only uses the market leaders for our clients:

**Please click on the below links:**

ALEXSEAL® Yacht Coatings offers a complete system of premium paint products comprised of the highest quality pigments, solvents, aliphatic urethane resins, ultraviolet resistors and agents to create the most advanced marine topcoats available on the market today. Backed by our professional technical and sales support programs, an ALEXSEAL® yacht represents the industry's best combination of appearance, durability and repairability.

The Awlgrip® brand is an undisputed world leader in the Yacht Professional Topsides segment. Or to put it in the words of a leading boatbuilder.

Awlcraft 2000 is a fast drying, acrylic urethane high gloss topcoat for an easy-to-apply, high gloss finish. Awlcraft Metallics is a high gloss topcoat used to create a special effect finish.

A division of Akzo Nobel, a market-driven, technology-based company, Interlux is one of the world's largest manufacturers of high performance yacht and marine coatings.

Sikkens is a world leader in car refinishing for more than 100 years. Sikkens is part of AkzoNobel, the world's number one coatings manufacturer. We offer the finest products in the market, together with services, training and support: a powerful formula for perfect results and bodyshop profitability. Because we know that our success builds on your success.

Since 1902, Sterling Lacquer Manufacturing Company Pty Ltd has remained a family-owned business, based in St Louis, Missouri USA. By combining more than 100 years of experience along with state of the art technology, Sterling Sterling is regarded as a world-leader in prestige, luxury coating products and systems.
